#### AYFP request to change the home green to TCS

AYFP requested to use TCS as their home green

In premier league 2025, two sides use TCS; there are quota for additional clubs.

#### ELBC request to change the home green to ALC

ELBC requested to change from TKO to ALC.

In Premier League 2025, 16 sides have designated ALC as their home green, surpassing the set quota of 14 sides.

#### When a player is late

Both captains can mutually agree the grace period, otherwise the game shall start immediately.

When a team is short of player, “insufficient bowls” is not an acceptable reason to wait or reschedule the game. The offending side will be considered “fail to arrive” and the usual penalties applied.

According to bye-laws 3.5.c and 4.5.e, if a team is playing with one player short, the other players can use one bowl that is not from the same set. Under such circumstances, it is the responsibility of the home club to arrange the best available bowls for the visiting team so that the game can continue.
