Triples League 2025

Fixture v10 was issued.

League will start on 29 Nov 2025 and finish before Mar 2026.

Green closure during inclement weather

Home side captains are expected to be available to respond to any match-related queries within two hours prior to the scheduled start time. In the event that the green is closed, home side should proactively inform the away side as soon as possible.

For public green, LCSD does not issue proactive notifications regarding green closure. Both sides are advised to contact the venue directly to confirm its status.

Quota system

Some public venues have received complaints from the public, expressing concern that the high number of league games has significantly reduced their opportunities to access and use the facilities.

In response, the League Panel has reviewed the situation and will revise the existing quota system.

In addition to regulating the number of clubs utilizing each venue, the revised system will also consider the number of sides (teams) permitted within the venue.
